News Bulletin of the Traffic Club of Chicago

April 2011

From the Office of the President

It's my hope that many of you had a chance to attend last month's successful Executive Series luncheon program which featured John Lanigan, EVP & CMO of the BNSF Railway as our guest speaker. Following Mr. Lanigan's presentation, was the presentation of this year's scholarship awards to some very deserving students. Frank Moczulewski, chairman of the Scholarship Committee, presented the awards to five of the nine total award recipients who were in attendance that day. This program is another example of the way your club serves its members and hopefully, its potential future members.

The club's Education Committee will present another great program on April 21st at the Fountain Blues Banquets in Des Plaines, Illinois. This Executive Briefing and Luncheon will present a panel program on "Business Relationships" and will feature shipper and motor carrier executives. Prior to the panel program, the morning keynote speaker will be Rick Blasgen, President and CEO, Council of Supply Chain Management Professionals and our luncheon speaker will be Michael Regan, CEO & Chairman, Tranzact Technologies.

Continuing with a historical perspective in transportation, one hundred years ago in 1911, the renowned "EL" or elevated train was built for the burgeoning commuter traffic around Chicago's business district, the "Loop". Prior to the development of transportation within the loop, commuter transportation was predominately from outside the city from the surrounding suburbs. Leading the commuter development from the outlying areas, were the wealthy business people who enjoyed golf and grouped together their investments to create "country clubs". One such railroad, the Illinois Central, was enticed to extend their lines south to reach several of these new country clubs in places like Homewood, IL.

Development of the "EL" or "L" that served the populace commuting into the city progressed from steam-driven passenger cars to electric cars. Early on, these lines did not interchange with each other at destinations, so the need to conjoin all the lines together came to fruition by Charles Tyson Yerkes, a traction magnate, who controlled most of the lines leading into the city. Eventually these electric lines came under the control of their largest electric provider, Commonwealth Edison. This utility unified several other independent electric lines with Yerkes' lines, to create the electric elevated train network that remains in service today.

Deadline is Drawing Near... Reserve Your Room Now

Our 104th annual dinner on May 19th will be upon us very shortly and time is running out for those planning to make room reservations for the night of the dinner. Currently, nearly 70% of our blocked sleeping rooms have been reserved and the deadline for making reservations is April 17th. After that date any remaining blocked rooms will be released for general sales at their standard rate.

The club has secured a special rate of \$209 for either single or double occupancy for both Wednesday and Thursday night. To make your reservations, call the Sheraton Hotel direct at 312-464-1000 or their toll free number at 800-233-4100. To get the discounted rate, please be sure to tell them you are making a reservation under the "Traffic Club of Chicago Room Block" rate.

Annual Dinner Golf Outing To Offer New Sponsor Levels

A lot more things will be happening at this year's annual dinner golf outing on May 18th at Cog Hill Golf Club in Lemont, Illinois. Golf chairman Jeff Leppert has announced that he is looking for additional sponsors for the numerous contests and raffle prizes that are planned for the outing.

A silent auction is planned, along with air cannon and scattered flag contests with raffles that will offer some really great prizes that include: Las Vegas Trip; Trips to Orlando; 50" Plasma Television; Gaming Systems; Sports Tickets and much more. With nearly 300 golfers from all over the country expected, this is a great opportunity to get your company name out there. A special contest sponsor flyer will be going out to the members very shortly.

March Luncheon Program Features BNSF's John Lanigan

Our March 17th Executive Series luncheon program was well attended, with over 130 members and guests on hand to hear a presentation by John Lanigan, Executive Vice President and Chief Marketing Officer for the BNSF Railway. Mr. Lanigan took time out of his busy schedule, to fly up from Ft. Worth, Texas just to speak before our audience that day. His presentation was both timely and very informative and was warmly received by those in attendance that day.
