

# WHAT IS TOPGOLF?

TopGolf is the emerging global leader in golf entertainment, serving millions of guests annually. Players hit golf balls containing computer microchips that track each shot's accuracy and distance while also awarding points for hitting targets on the outfield.

Our facilities offer an upscale, laid-back experience that features climate-controlled hitting bays and an impressive food and beverage menu crafted by our executive chef. Mix in dynamic event spaces for groups of all sizes, and TopGolf stands as the premier entertainment complex where the competition of sport meets the neighborhood's favorite place to hang out.

## HOW TO PLAY TOPGOLF

1. The magic is in the microchip. Select your game, then register your ball.

2. Once your ball is dispensed, aim for a target.

3. The farther the target and the closer to the pin you hit the ball, the more points you will earn.

4. Details regarding the distance and accuracy of each shot are displayed on screen.

5. Celebrate your victory with a delicious app and beverage!

## EAT UP

TopGolf's food and beverage menu puts all sports bars to shame. You'll find the classics you love along with fun new things to try, including a few regional dishes unique to your city. And to keep things fresh, our menu is updated twice a year.
